

1st November 2022

To Whom It May Concern

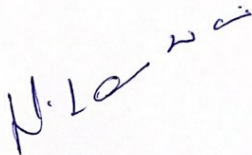

This is to certify that Ramzi Hisham Zeineddine has completed his internship with Advanced Financial Solutions from 1st July to 30th September 2022.

The program consisted of basic training on data integration tools, and thorough training on an enterprise reconciliation software. He participated in the development of various feeders (programs) for integration purposes between the source systems files and the reconciliation software for reconciliation purposes. He also participated in writing the feeders specifications document which precedes the development phase.

While with AFS, Ramzi showed a good level of commitment and good ability to learn quickly and find solutions to issues faced. He was also known to be very diligent and showed excellent solidarity and enthusiasm towards work; a quality which was well appreciated and acknowledged by both his mentor and other employees in the company likewise.

We take this opportunity to wish Ramzi the very best in all his future endeavors.

Sincerely,

Rema Nair
Operations Manager
